

The Michael Gold Early Career Investigators Webinar Series Presents

SPEAKER: Shane Harding, PhD
Senior Scientist, Princess Margaret Cancer Centre; Assistant Professor, Dept.
of Medical Biophysics, University of Toronto, Toronto, ON

Website: <https://www.uhnresearch.ca/researcher/shane-harding>

E-mail: shane.harding@uhn.ca

Dr. Harding is a Senior Scientist at the Princess Margaret Cancer Centre and Assistant Professor in the Department of Medical Biophysics at the University of Toronto. He received his Ph.D. in Medical Biophysics at the University of Toronto and completed his postdoctoral training at the University of Pennsylvania. His lab studies how genomic instability is manifest during cancer development and treatment.

TITLE: The Pattern Recognition Response network after DNA damage

TIME: November 14, 2024, 3:00 PM EST

ZOOM: Register for the meeting [here](#)

HOST: Dr. David Brooks, Princess Margaret Cancer Center

The Michael Gold Webinar Series has been established by the Canadian Society for Immunology (CSI) to honor a current or past CSI member who has made lasting contributions to the mentoring of early career investigators and postdoctoral scholars transitioning into independent research positions. Dr. Gold is a Professor and former Head of the Department of Microbiology and Immunology at University of British Columbia and the 2013 recipient of the CSI Cinader Award. He is known for his many contributions to the scientific community, including his roles in mentoring trainees of all levels to the top.
